DATE: Thursday, April 14, 2016

Changes to Sanitation Schedule Coming in May, 2016

ASHEBORO – Beginning the week of May 9, 2016 all residential curbside recycling pick-ups carried out by the City of Asheboro will occur on Thursdays. This will affect customers who currently have recycling picked-up on Fridays. In addition, the first garbage and recycling pick-ups will move from the current 7:30 AM to 7:00 AM.

These changes will result in the more efficient use of city personnel and equipment and will enable the city to better adjust to adverse weather events and holidays that can impact service delivery. For questions, call (336) 626-1234.
