- Christmas on Sunset Canceled Due to Weather (Again!)**
- Many Offerings at Sunset Theatre This Month**
- Veterans Honored with Luncheon in November**
- City Websites Undergoing Overhaul**

In every issue:

Birthdays

Promotions/Hires/Transfers/Years of Service

Birth and Marriage Announcements

Condolences

Christmas on Sunset Canceled Due to Weather (Again!)

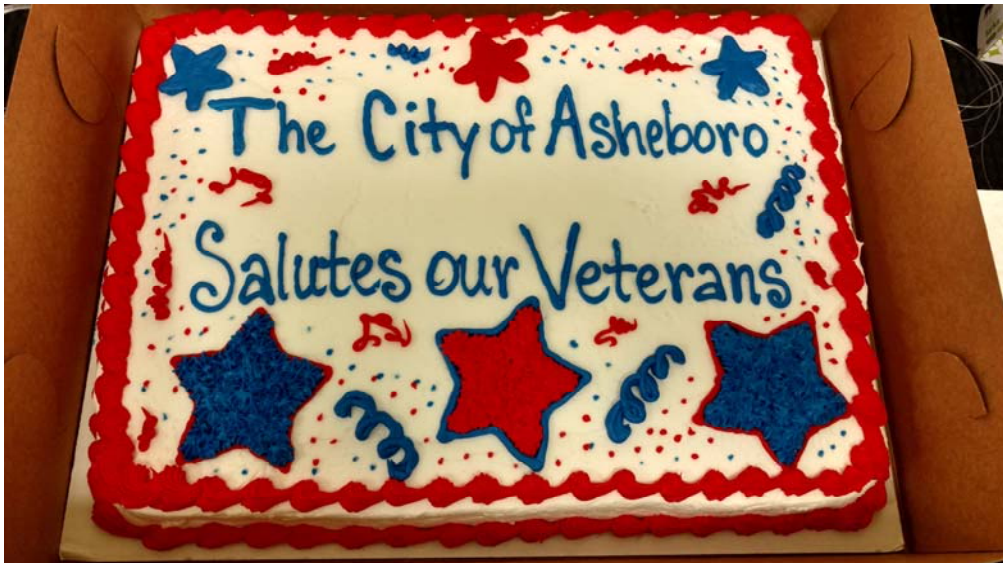

Due to the weather forecast calling for rain and thunder storm this Friday, December 14th, the city and Asheboro/Randolph Chamber of Commerce have canceled Christmas on Sunset. It will not be rescheduled for another date this year. Organizers cited conflicts with other planned events, programs, and school vacation schedules in the run-up to the Christmas holidays as factors in being unable to secure an alternative date. In the meantime, the city and Chamber are reminding citizens that while outdoor events have been cancelled, restaurants and many of the downtown shops will still be open as planned. This makes the second year the event has been canceled due to weather (last year was due to icy and unsafe sidewalks and roadways).

Many Offerings at Sunset Theatre This Month

This month, Sunset Theatre will host three concerts as well as live theatrical performances. Be sure to check out the theatre's website at <https://sunsettheatre.org> for a complete listing. Musical performances include bluegrass and rock while the live theater will help to bring the holiday season to life!

Veterans Honored with Luncheon in November

On Friday, November 9th, the city honored its veterans with a luncheon at the Public Works facility. This was the first service-luncheon and was well-deserved recognition. We thank you for your service!

City Websites Undergoing Overhaul

City staff is in the process of working with Revize LLC to redesign and upgrade the city's websites. The new websites will help to better communicate information to the public. The new websites should be operational by the end of June, 2019 and will feature:

- A responsive design that will scale to any size screen, mobile to desktop
- An intuitive home page, so that users can get where they need to go in two or three clicks

- A language translator
- An agenda management center
- An emergency alert center, with a banner at the top of the page that links to additional information
- Email notification capabilities

The upgraded websites will also include SEO (search engine optimization), analytic tools, and administrative and security features. City staff will be able to change or add pages, create forms and upload videos easily.

Revize LLC has more than 20 years of experience in building government websites and 800 municipalities across the country utilizing its services.

December Birthdays

TOMMY	BEANE	REYNOLDS	NEELY
DAKOTA	BRANTON	GABRIEL	OSBORNE
